

A floor plan diagram consisting of two main rectangular areas. The larger area on the right is labeled 'Living Area' with a value of '108.8 sq ft'. The smaller area on the left is labeled 'Deck' with a value of '27.2 sq ft'. A curved line connects the top-right corner of the deck to the top-left corner of the living area, indicating they share a common boundary. The walls of the living area are represented by a thick black line, while the deck's walls are a thin black line. Small square markers are placed at the corners where the walls meet.

Living Area
108.8 sq ft

Deck
27.2 sq ft
